

Please do not allow the National Association of Broadcasters (NAB) dictate what I am allowed to listen to. I pay my hard earned money to subscribe to XM radio to enjoy the variety provided by this service. The recent addition of Traffic and Weather Report to the XM Radio offering is great. The NAB, FCC and Congress have no right to stifle competition and censor what US citizens want. Reject NAB's petition 04-160 and oppose HR 4026. Censorship is for countries like China, not the United States of America.
